## Black Tea

**Earl Grey** - The story of the Earl Grey is one of pure happenstance : a British boat was struck by a heavy storm, which broke all the casks of bergamot oil and spilled the oil all over the tea crops which were also on board. Such accident yet left us a heavenly gift, an intensive black tea with unique bergamot aroma. Julius Meinl Earl Grey revives this tradition with a refreshing allure.

**Ceylon Nuwara** - Ceylon Nuwara is carefully picked in Nuwara Eliya in Sri Lanka. The mild climate of this region is ideal for tea cultivation. The tea from there offers an unsurpassable quality: the glossy glitter of its tiny tea leaves, an exquisite aroma and a well-balanced robust flavor.

**Vanilla Chai** - This exotic blend is created by mixing black teas with delicious spices like cinnamon, star anise and cloves. The rich taste is underlined by a sweet vanilla note.

**Darjeeling Happy Valley** - This remarkable second flush Darjeeling grows on certified organic farms in the Happy Valley garden at the foot of the famous Himalayas. This Julius Meinl tea fascinates with its fine floral aroma as well as a strong amber color in the cup.

## Green Tea

**Jasmine Green** - This fine Chinese green tea is characterized by its mild taste. The intensive flowery aroma of the jasmine blossom harmonizes with the taste of green tea.

**Blue Sky** - A colourful composition of rose petals and lilac mallow flower blossoms combined with Chinese green tea. During the infusion, the delicate flowers open up, creating a stunning mixture of natural color, and acquires a smooth emerald hint. Refreshing and lively, like a summer morning.

## Herbal Tea

**Lemon Ginger** - A fragrant infusion that warms you up. Enjoy the spicy flavour of ginger together with the delicate sweetness of licorice root and the freshness of spearmint. Lemongrass highlights the natural citric hint of ginger and wraps up this energizing composition.

**Peppermint** - The cooling freshness of mint tea quenches your thirst on a scorching day, refreshes and calms you down. A natural and intensive experience!

**Chamomile** - A traditional herbal tea – but yet always again a special pleasure. Whole chamomile flowers show their natural beauty and unfold their intensive and fresh floral character in the cup. Let this golden liquor warm you up and calm you down.

## Fruit Tea

**Kir Royal** - This tea is named after the French cocktail which is based on a black currant liquor. It has a bright fragrant fruit and berry composition with a sparkling flavour and a slightly astringent aftertaste. Exotic papaya pieces and currants build a fruity-sweet base for this delicious fruit tea.
